

Beginning GEMS Program (5th and 6th grade)

During the Beginning GEMS program, students will explore the five senses (hearing, sight, taste, smell, and touch) to help them learn more about the brain and neurological process.

- June 18-22, 8:30-3:30
- June 25-29, 8:30-3:30

Intermediate GEMS Program (7th and 8th grade)

The experiments conducted during the Intermediate GEMS program will focus on chemistry, biology, and biochemistry.

- July 9-13, 8:30-3:30
- July 16-20, 8:30-3:30

GEMS Near-Peer Mentor Program (College-age)

Near-peer mentors will serve as role models for the students participating in the Beginning GEMS and Intermediate GEMS programs. Near-peer mentors will complete extensive training during which they will learn how to conduct and teach the Beginning and Intermediate GEMS experiments.

- June 4-July 20, 8:00-4:00

To learn more about the USAARL GEMS program and to apply to the program visit:
<http://www.usaeop.com/programs/gems/>

Applications are due no later than April 20.
Deadline extended to May 11.
