

# UNITED STATES ARMY AEROMEDICAL RESEARCH LABORATORY

MERGING THE SCIENCE OF AVIATION AND MEDICINE TO OPTIMIZE HUMAN PROTECTION AND PERFORMANCE.

## RESEARCH PARTICIPANTS WANTED

The U.S. Army Aeromedical Research Laboratory is recruiting U.S. Army Critical Care Flight Paramedics or Flight Medics for a research study.

### TITLE OF STUDY:

Efficacy of Medical Device Alarm Integration into a Simulated H-60 Integrated Communication System

### TIME:

Participation will take approximately one business day.

### PURPOSE OF STUDY:

To determine if hearing medical device alarms in an aeromedical environment is a help or a hindrance to medical care professionals.

### ELEGIBILITY CRITERIA:

To be eligible to participate in this study, you must:

1. Be an active-duty U.S. Army, National Guard, or Reserve Critical Care Flight Paramedic or Flight Medic.
2. Be capable of hearing medical alarms at normal volume.
3. Consent for the collection of pictures, video, and audio recordings.
